

Progression

Our Progression service offers one-to-one support and advice to help people explore opportunities external to SCT such as volunteering, education, and employment. Led by our Progression Worker, students and residents are guided through their next steps.

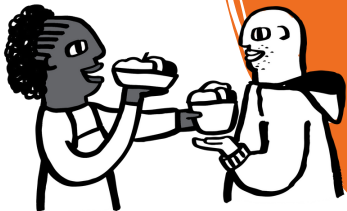

On the progression programme, students can take part in:

- One-to-one coaching
- Employability and living skills workshops
- Volunteering placements
- Employability Academy
- Tailored education training and employment opportunities

For more information about our progression programme, please email us at referrals@sct.org.uk.

Social Enterprises

Paper and Cup

Paper and Cup is our charity shop/coffee shop hybrid situated on Calvert Avenue. Here, students can gain retail experience or take part in our barista training programme.

Restoration Station

Restoration Station is our furniture social enterprise situated just below Acorn House on Shoreditch High Street. The team repair 50's, 60's and 70's furniture. In Restoration Station, students can train in woodwork and furniture restoration whilst gaining retail experience.
